LIVING Wallpaper in a striking red hue steals the attention while a wall-mounted panel in glossy white houses the television. This eye-catching feature wall is paired with an open shelving to store the media player and other entertainment peripherals.

#Space-Saving Tip

A portion of the kitchen backsplash is replaced with a clear glass panel to allow more light to enter.

DINING (top left) The combination of tinted mirror panels and textured brown wallpaper creates an elegant dining area for the family to have meals together. The space is visually enlarged with an entire wall clad in clear and tinted mirrors.

SON'S BEDROOMS (middle) Since the boys each support a different soccer team, the colour applied in their individual bedrooms is chosen according to the representative colour of their favourite soccer team. In the elder son's bedroom, the recessed portion of the wall is painted red to boast his love for Manchester United. In the younger son's bedroom, an entire wall is covered in blue to show his support for Chelsea.

MASTER BEDROOM (bottom) To jazz up the look here, the bed headboard made of white laminate and mirror strips is fitted with orange recessed lighting for atmosphere. In addition, the TV feature wall actually doubles as a swing-out panel to keep the bathroom entrance hidden.
